

I am a 66 year old retired Welshman who has lived in the North Gwent Valleys all my life, married to Frances with whom I share 2 daughters and 5 grandchildren.

My working life was spent with the steel company and when I retired in 2010 I was the Facilities Manager across Llanwern and Port Talbot steelworks. I am an avid sportsman with rugby, squash and pigeons my main hobbies, having had pigeons for close on 60 years, originally in a very successful partnership with my brother flying as Burgham Bros and over the last 20 years in the Williams Bros Son & Burgham partnership.

I have held numerous offices in the sport over the years starting with Club secretary and treasurer, then served on the committees of the NNR Fed, Welsh Grand National, Welsh South Road Fed and National and during this time raised thousands of pounds for the organisations and charities of which I am extremely proud. The chance to serve the NFC as a committee member and Press Officer gives me a great sense of pride and a little humbleness to follow in the footsteps of the many icons of the sport that are and have served this great club.

I can guarantee that I will do my very best to ensure that information regarding the Club is publicised in a manner that befits this great club, the Committee and more importantly it's members.

Early In the new year I will be giving an update on the recent AGM and any further updates regarding such topics as the Website upgrade, racing 2024 season etc.

Yours in Sport
John Burgham
